DAHLIA PRICE LIST

In presenting our 1925 price-list, it is believed you will find listed therein most of the better varieties of Dahlias grown today. These include many of the newest Eastern, Holland and California introductions. Particularly fine is "Midnight," our introduction for 1925. This is a Decorative of the highest class, easily winning first for the best three-year-old seedling at the Los Angeles Show this year. The color is a deep crimson overlaid velvety black. Size, eight to ten inches. The foliage is very beautiful, being a dark green and having the appearance of huge holly leaves. The stems are long, stiff, and hold the blooms well above the foliage. Keeping qualities are excellent, and it is a Dahlia that should be in every garden.

POMPONS AND COLLARETTES

Pompons and Collarettes are becoming more popular each year, and in this list a very complete selection may be found. They are very profuse bloomers and will well repay one for planting a few in addition to the large varieties.

RECEIVED
★ SEED 6 1931 ★
Probably the most pleasure in growing Dahlias may be derived from growing them from seed. From seed we obtain the new varieties, and a seedling seldom produces a flower similar to its parent either in color or formation. Seed should be planted in boxes, kept in a warm, sunny place until four or five inches high, and transplanted to the open ground as soon as the weather permits. They will bloom the first season. We have a very limited amount of seed each year in excess of our requirements, which may be obtained for \$2.00 per hundred. This seed is hand-selected from the finest varieties grown, and won first for the best seedlings in the two-year, three-year and Pompon classes at the Los Angeles show this year. In ordering seed, please state if you wish Cactus, Hybrid Cactus, Decorative, Peony, Collarette, Pompon or mixed types.

Our tubers are all strong subdivisions taken from field-grown clumps, are guaranteed to be true to name, and when shipped to be in growing condition. Any that prove to be otherwise will be cheerfully replaced.

Full cultural directions are packed with each order.

PRICES QUOTED are for field-grown subdivisions of strong roots.

FORWARDING.—We ship orders after danger of frost is past.

SUBSTITUTION.—We do not substitute without permission.

TERMS.—Cash with order. Personal checks accepted.

TRANSPORTATION.—We prepay postage on all retail orders.

MULKEY-DAHLIA GARDENS, LOS ANGELES, CAL.

You are invited to join

The Dahlia Society of Southern California

Formed for the purpose of stimulating interest in and promoting the culture and development of the Dahlia.

We publish quarterly Bulletins, free to all members, which contain many instructive articles by experts on Dahlia culture, diseases and remedies, also reports on new varieties, news of the Dahlia shows, etc.

Every member receives a season ticket to our great annual Dahlia show, held in September.

Our monthly meetings are always well attended, all members are requested to make use of the question box and open discussions being held on all subjects pertaining to the Dahlia.

Please enter my name as a member of your Society. Enclosed find \$2.00 for yearly dues.
